Recent Trip to Europe

I recently had the chance to travel to Europe on a trip for my employer. I have some photographs I will be uploading to the photo gallery soon. Here is a photo from Pointe Du Hock Normandy of one of the old German bunkers now nearly demolished. We actually walked through several of these which was one of the many awe inspiring moments I had while there. Following the steps of the soldiers hitting Normandy beach then to the top of the hill was a touching moment for me.
